

Colfax-Mingo Community Schools

Feb 2, 2021

Board Members, Staff, Students, Parents, and Community Members:

Colfax-Mingo Community School District has requested a Needs Assessment Survey conducted by the Iowa Association of School Boards (IASB). The survey is designed to help us assess our strengths and areas of needed improvement, with a focus on improved student achievement. We would like your opinions and judgments in response to the brief survey linked below. The survey takes an average of 9 minutes to complete. All responses are anonymous.

Please consider assisting our district and students as we develop a strategic plan that directs our decision making for the next 5-10 years.

Please [click on this link](#) and follow the instructions.

Thank you for your participation and helping to make improvements for our students. Let me know if you have any questions or concerns.

Take care and be safe.

A handwritten signature in blue ink, appearing to read 'Erik Anderson', is positioned above the printed name.

Erik Anderson

Colfax-Mingo Community School District's mission is to ensure a community that fosters life-long learners, independent thinkers, and productive citizens of character!
